American Manufacturers

could not understand our Shirt Waist order for mid-winter, so the filling was delayed a steamer. If it had been for furs we would have had the goods. Now they are here—a hundred different styles everyone prettier than its mate.

No telling how many dozen; enough for an ordinary store, but half of them may be gone by noon today. Twenty cases opened on Friday.

Other goods for ladies were marked this morning and are ready for your inspection; a better lot was never shown, nor better prices asked—for you. New goods there, the latest ideas of Parisian and English makers.

Organdie Alix, Valencia, Cotton Jaconet, Parisian Organdie, Swiss Organdies, Cotton Novelty, Pineapple Grenadine, some people call them, that are beautiful effects. As firm as Silk Grenadines and pretty—cotton prettiness.

Read of the other goods, new today. Swiss Book Muslin, White Cotton Pique, (plain or figured); Fancy Figured Ribbon, Tafeta Ribbons, Yoking Embroidery, Striped Tucking, Awning Cloth, Figured Dimity 6-8-12 yards for a dollar; Tarleton all shades, Linen Torchon Lace, Valenciennes Lace Puggarees, etc.

Remnant Counter THIS WEEK.

How to Make Snow Jelly.

Wash thoroughly 4 tablespoonfuls of rice and place in a double boiler with 2 quarts of boiling water. Cook slowly, without stirring, until the rice is tender. Drain off what water remains, and each grain should be found separate and whole. Set one side to cool. Soak a quarter of a box of gelatin in water enough to cover it for an hour; then pour over it a half pint of boiling water and add a cup of powdered sugar. Stand the dish containing the gelatin mixture in a pan of boiling water and stir until the gelatin and sugar are entirely dissolved. Then turn the mixture into the cooked rice and thoroughly mix. Whip a pint of cream until it is light and dry. Stir the whipped cream as lightly as possible with the cold rice and gelatin. Flavor with maraschino or sherry and pour the mixture into a mold that has been wet in cold water. Stand the mold in the icebox until its contents become thoroughly cold and set. When ready to serve, turn the molded rice out on a flat, pretty dish and pour preserved strawberries or maraschino cherries around it.

How to Remove Grease Stains.

A mixture which is excellent for removing grease stains from carpets and clothing is made of 2 ounces of ammonia, 2 ounces of white castile soap, an ounce of glycerin and an ounce of ether. Cut the soap into small pieces and dissolve in a pint of water over the fire; then add 2 quarts of water and the other ingredients. This should then be mixed with more water in the proportion of a teaspoon to an ordinary sized pailful. The soiled articles should be thoroughly washed in this.

How Curry Powder is Made.

Pepper, ginger, garlic, coriander seed and various other strong spices are used in the manufacture of this condiment, so highly prized in the east, and it gives a very pleasant flavor when judiciously used. The quantity must depend upon its strength and the degree of spiciness desired. Many persons who are fond of curry find it disagrees with them when too much is used.

How to Make a Tasty Dish.

Cut some light bread or French rolls into quarter inch thick slices, then into rounds. Heat 3 ounces of butter and then fry the bread. Arrange the fritters in a circle on a dish. In a small saucepan put a glass of wine and a teaspoonful of jam, and when it boils pour it over them, sprinkle with some desiccated coconut and serve.

How to Clean Windows.

A little turpentine dissolved in warm water is the best thing to wash window glass, mirrors or glass globes. A little alcohol will also do wonders in brightening glass. Turpentine is excellent for washing sinks which have become dull and dirty.

How to Prepare Oysters on Toast.

Heat the juice of a pint of oysters and skim it. Put a tablespoonful of butter in a saucepan, add a tablespoonful of flour and the juice, mixed with a gill of milk. Add the oysters and finally an egg. Serve on toast.

Hard.

"Why don't you work? Don't like it, I suppose."

"Like it? Why, boss, work with me is a passion, a vice. That is just the trouble. The moment I commence to do a little I cannot leave it alone, and it grows upon me like drink, opium or lawn tennis. That is why I have to make an effort and leave it entirely alone."—Life.
